

# Waited All My Life

Raul Midón

Whenever I am near to you,  
I don't know quite what to do.  
My body starts shaking.  
Baby I'm not faking.

If you would turn your eyes to me,  
It would be so clear to see,  
That I'm not mistaken.  
And I'm hoping that you'll see

What we'll say upon that special day  
With our hearts is more than words can say  
You'll be in these arms of mine eternally

And I have waited all my life for you  
But I didn't know it.  
I have waited all my life for you,  
But I didn't know it.

It's not the way you look at me,  
Or your personality.  
It's deeper than these things  
And it's been going on so long.  
You give your love so naturally  
You go to my heart you see  
You're all I'm dreaming  
Baby we were meant to be.

What we'll say upon this special day  
With our hearts is more than words can say  
Now you're in these arms of mine eternally

And I have waited all my life for you  
But I didn't know it.  
I have waited all my life for you,  
But I didn't know it.

I'll get along without the moon  
I'll get along without the stars  
I'll get along without the rainbows in the sky  
I'll get along without the joy  
That will surely fill my heart  
When I can look in to your eyes  
Without love I can't survive

And I have waited all my life for you  
But I didn't know it.  
I have waited all my life for you,  
But I didn't know it.
