

# Wildfire

Raury

[Intro:]

Outside this morning saw the forest ablaze  
See I walked outside this morning saw the forest ablaze  
See I walked outside this morning saw the forest ablaze  
See I walked outside this morning saw the forest...  
See I walked outside this morning saw the forest ablaze  
See I walked outside this morning, had my breath took away  
See I walked outside this morning and I stood there amazed  
Saw the fire and the ashes and the smoke on the horizon for days

[Chorus x4:]

And you can look into my eyes  
Bitch you see the fire  
Bitch I know you see the fire  
Got the eyes of a prophet

[Verse 1:]

Wait, tell me why you're constantly stressin'  
Undress your mind and just follow me into heaven  
Your presence here is a blessing  
I know it's just what you need  
You're an indigo child I see  
And I plea you follow my lead  
Yes I plea you follow my lead  
As far as I've been concerned  
I've been learning about this Earth  
And I don't believe that it's flat  
And I don't believe that it's round  
But we're 'bout to one day discover  
The truth as friends or as lovers  
It doesn't matter to me, but I know it matters to you

[Chorus x4]

[Verse 2:]

Raury on a journey  
A journey to forever  
A hero of the past  
A savior of the future  
Yep I've been around the world  
I don't have souvenirs  
I took all of my pictures  
I threw them in the ocean  
I was born with no religion  
In east Atlanta, Georgia  
I'd never sell my soul  
I'd never be a lawyer  
Cause I don't follow the laws  
I am an animal  
You're rocking camouflage  
I don't fuck with your cause

[Break:]

Tha blog is hot, tha blog is hot, ha-ha  
Tha blog is hot, tha blog is hot, ha-ha

[Verse 3:]

So we can hate it or love it  
Shit, I'm a real nigga  
And I don't give a fuck about these bitches and their pictures  
And I don't give a fuck about these niggas with the cameras  
I'll always be a nigga from the east side of Atlanta  
And just cause I got manners and speak with proper grammar  
Don't mean I'll ever think twice about slapping you with the hammer  
I'm in another dimension, I wasn't raised in the hood  
But y'all niggas don't pay attention so niggas really been good with pretend  
ing  
But not me nigga, you can try copy nigga  
You can wax on and then off like I'm Mr. Miyagi nigga  
You'll never stop me my nigga, never stopping me nigga  
You'll never stop me my nigga, never stopping me nigga  
You'll never stop me my nigga, never stopping me nigga  
You'll never stop me my nigga, never stopping me nigga  
You'll never stop me my nigga, never stopping me nigga  
You'll never stop me my nigga, never stopping me nigga
