

# Attitude

Raven

Got nothing to give  
nothing to take  
everything I am I know  
that you'd break  
stare into my eyes  
and hear what I say  
looking for trouble  
you found it today

Got my attitude in front of you  
got my attitude right in your face  
and there's nothing  
you can try to do  
got my attitude  
and you can't hold me down  
can't hold me down

I heard the tall tales  
I've seen the show  
said that they suck  
just cos you blow  
stood on my two feet  
and held my head high  
rose out the dirt  
and reached for the sky

Got my attitude in front of you  
got my attitude right in your face  
and there's nothing  
you can try to do  
got my attitude  
and you can't hold me down  
can't hold me down

You got your reasons  
you got your rhymes  
changing them daily  
I can't count the times  
listen to me and  
you'll know who I am  
doing it my way because I can

Got my attitude in front of you  
got my attitude right in your face  
and there's nothing  
you can try to do  
got my attitude  
and you can't hold me down  
can't hold me down  
can't hold me down
