

## Bulldozer

Raven

Made the overture no word of a lie  
the only answer that I got was no reply  
gonna take a page right out of your book  
turn the tables on you & I'll put you on the hook

Hit me for six but I'm coming back around  
like a bulldozer I'm gonna knock you down  
no hesitation & you know there's ain't no doubt  
like a bulldozer I'm going to knock you out

The story given just doesn't ring true  
the opportunity was given to you  
responsibility is flushed down the drain  
its time you understand and the meaning of pain

Hit me for six but I'm coming back around  
like a bulldozer I'm gonna knock you down  
no hesitation & you know there's ain't no doubt  
like a bulldozer I'm going to knock you out

The story given just doesn't ring true  
the opportunity was given to you  
responsibility is flushed down the drain  
its time you understand and the meaning of pain

Hit me for six but I'm coming back around  
like a bulldozer I'm gonna knock you down  
no hesitation & you know there's ain't no doubt  
like a bulldozer I'm going to knock you out
