

## Over The Top

Raven

Time to get up and it's time to get down  
Pick myself up and no messing around  
Tell all the boys that it's time to move out  
We're on our way and we ain't got no doubt

Yeah - we're going over the top  
Yeah - we're going over the top

I'm going dizzy my head's in a spin  
I'd like to stop but where would I begin  
We're going crazy the place is alright  
Looking for action you'll get it tonight

Yeah - we're going over the top  
Yeah - we're going over the top

Time to get up and it's time to get down  
Pick myself up and no messing around  
Tell all the boys that it's time to move out  
We're on our way and we ain't got no doubt

Yeah - we're going over the top  
Yeah - we're going over the top
