

The Pack Is Back

Raven

Here we are
What are we doin'
Take a look
What do they want
So much for an easy livin'
We just want to Scream

Matchstick puller
Matchstick man
Individuality
Time will take
Baby take that tan
Pleasure and Pain
Don't you know what you can do
When its all up to You

Open your arms and shout it
You've gotta stand up and be counted Now
The Pack is Back
Open your arms and shout it
You've gotta stand up and be counted Now
And forever more
The Pack is Back

Shake it baby tear it down
You want power
We've got muscle, attitude, power and this town
Now it's time to stop
Don't you know, what you can say when i'm on my way

Don't you know what you can do
When its all up to You

THE
PACK
IS
BACK
