

# This Is My Time

Raven

Oh, at times it felt like I had lost myself  
Cuz people try to make you someone else  
I had to learn to trust my heart so things can change

I came to a point where I can state my mind  
And not feel I'm living in a box and keep the girl I am concealed  
Oh, I finally found the strength so I can leave it all behind

This is my time to shine  
This is my place to find  
All that I have inside  
I never knew  
This is my time to show what  
I must have always known  
That nothing's impossible  
And dreams come true  
And dreams come true

Oh, everybody's got the strength inside  
All it takes it time to realize  
That you and only you can be the one to decide

I can, I will, I know that everything I want I can do  
Believing in myself that every wish I make will come true  
Oh, it took a while to get this far but I'm here now

This is my time to shine  
This is my place to find  
All that I have inside  
I never knew  
This is my time to show what  
I must have always known  
That nothing's impossible  
And dreams come true  
And dreams come true

Overcoming all these things,  
Here I finally find my wings  
Now I know I'm ready to fly

This is my time to shine  
This is my place to find  
All that I have inside  
I never knew  
This is my time to show what  
I must have always known  
That nothing's impossible  
And dreams come true  
And dreams come true

This is my time to shine  
This is my place to find  
All that I have inside  
I never knew  
This is my time to show what  
I must have always known  
That nothing's impossible

And dreams come true  
And dreams come true
