

# Timeless knights

Ravenheart

Timeless knights  
Riding through the land  
They're fighting the holy war

No chance to escape  
'cause the terrible hate  
Is written in their face

So my friend you run away  
To the future or into yesterday  
The only will is to survive  
You think that you are alive

Timeless knights  
Sends out the pain  
Death and loneliness  
There is still the same  
Timeless knights  
They have hearts of stone  
Glory and victory  
Soon will be their own

Timeless knights  
Sends out the pain  
Death and loneliness  
There is still the same  
Timeless knights  
They have hearts of stone  
Glory and victory  
Soon will be their own

Holy war - they're fighting the holy war  
Holy war - just like a burning star  
Holy war - the only way is to die  
Holy war - but no one hears your cry

Holy war, we're fighting the holy war  
Timeless warriors that's what we are  
Holy war, we're fighting the holy war  
Timeless warriors that's what we are

Holy war - they're fighting the holy war  
Holy war - just like a burning star  
Holy war - the only way is to die  
Holy war - but no one hears your cry  
Holy war

Glorious!!! Glorious!!!  
The time has come for all of us  
Glorious!!! Glorious!!!  
The time has come for all of us
