

August Underground

Ravenous

Monumental suffering
Slipping out of control
Clogged arteries strain
Medicated dementia

Cancerous growth
Prapalegic sodomy
Scarred erection
Acting out impulsive rape scenes

Bound and gagged
Mucos lubricant applied
Thorazine injected
Convulsive stumps subdued

Fornicated abomination
Rotting in the walls
Liquid cellulite fever
Traumatized by reflection

Freak of nature
Born insane
Frontal lobe missing
Crustifucked tattered brain
