

Hallucinations Of A Deranged Mind

Ravenous

The chemical imbalance
The craving begins
From the darkest depths
Summon the beast within
Gorephobic thoughts
Images of the insane
I cut myself to embrace the pain

Inflicting deep wounds
Immaculate arteries awaken
Primal rage continues
Phantom limbs aching

Sadomastic masturbation
Nothing left inside
I've killed myself so many times

Drop by drop
I watch my life flee
From this shattered pile of freak
Writhing insanity
