

Keep My Grave Open

Ravenous

Funeral rites observed
Service is now complete
Timeless words spoken
A ritual now deceased
Body burning
Starts to twitch
Organ upheaval
From the stench

Keep my grave open
I cannot rest
Cadaver eyes still see
The pain is so intense

Revolted by my flesh
Green and rotting pus
White worms embrace
Revel in disgust

Keep my grave open
I cannot rest
Cadaver eyes still see
The pain is so intense

I walk the Earth
In constant decay
Savage chemical experiments
As I rot away
