

## Police terror

Rawside

You break out - out of your mind  
wake up inside the cage  
you have - to comprehend  
it's time - time to break out

Come on the streets - fight for human rights  
Demand a change - demand the fight

Cops run fast - into the crowd  
soot, slap, kick people down  
you call - that is your truth  
but we are the terror - youth
