

## Strange world

Rawside

What sort of a world is this  
Discriminates the person by the colour of skin  
People commit murder in the name of their gods  
Taking a life means nothing more  
Than going to work

What a strange world!  
What a strange world!  
What a strange world!

What sort of a world is this?  
That feeds the human suffering  
To make a profit  
People make war in order to obtain - PEACE

What a strange world!  
What a strange world!  
What a strange world!

Man destroys everything  
He has ever worked for  
Money means more than freedom  
Yes, what a strange world we live in...

What sort of a world is this  
Discriminates the person by the colour of skin  
People commit murder in the name of their gods  
Taking a life means nothing more  
Than going to work

What a strange world!
