

Voices In The Sky

Rawside

For many years rules holocaust
Nobody thinks of better days
This is the time, the time of hate
6 Millions die by german hands
Trace jewish people
And no one wants to hear the cries
No one changes this crime
But everyone believes the lies

Voices in the sky - See your mother die
Voices in the sky - Hear the last cry
Voices in the sky - See the children die
Voices in the sky - Who tells me why?!?

Today we live in present time
And no one's learning from the past
Were leading wars once more again
We fell the hate like a strong blast
But who resists this - inhuman game?
The killing of mankind
Everytime it is the same

Voices in the sky - See your mother die
Voices in the sky - Hear the last cry
Voices in the sky - See the children die
Voices in the sky - Who tells me why?!?

The holocaust is our fate
And we don't think of better days
Now is the time, the time of hate
And we should die here on this place
Trace you and me
And no one wants to hear the cries
No one changes this crime
But everyone believes the lies

Voices in the sky - See your mother die
Voices in the sky - Hear the last cry
Voices in the sky - See the children die
Voices in the sky - Who tells me why?!?
