

# Everybody's Handsome Child

Ray Charles

Every evening - when I hit town  
Pretty women - they come around  
They don't want mney - they don't want fame  
They just wanna hear me screamin' their name

Because I'm everybody's handsome child  
Kinda cute but a little bit wild  
Whatcha gonna do with a boy like me?  
Never do what I oughta , Cause I gotta be free  
You got my number all you gotta do is dial  
Cause I'm everybody's - everybody's handsome child

Everywhere that I've been seen  
I've been told I'm an evergreen  
Never changing - ever cool  
I don't play games Cause I make the rules

Because I'm everybody's handsome child  
Kinda cute but a little bit wild  
Whatcha gonna do with a boy like me?  
Never do what I oughta , Cause I gotta be free  
You got my number all you gotta do is dial  
Cause I'm everybody's - everybody's handsome child

(Raelettes): Hey, Ray?  
(Ray): Yeah!  
(Raelettes): Can you come out to play?  
(Ray): Well let me see if I've got the time  
(Raelettes): Hey Ray?  
(Ray): I hear you baby...  
(Raelettes): Can you come out to play?  
(Ray): What kinda game did you have in mind?

They say „Ray, when you gonna get old?“  
I say when heaven's down, and hell turns cold  
The only way...all I know  
Is havesome fun and let the good times roll

Because I'm everybody's handsome child  
Kinda cute but a little bit wild  
Whatcha gonna do with a boy like me?  
Never do what I oughta , Cause I gotta be free  
You got my number all you gotta do is dial  
Go ahead baby, put your finger in the dia  
Come on baby, I'll make you smile  
Cause I'm everybody's handsome child  
Yes I am!  
I'm just a little bit wild but  
I'm everybody's handsome child  
Come here tell me who I am...
