

# Feel So Bad

Ray Charles

You know I feel so bad, children  
Feel like a ballgame on a rainy day  
Yes, I do, y'all

Don't you know I feel so bad, children  
Oh, Lord, like a ballgame on a rainy day

Whoa, since I lost my woman  
You see I have to shake my head  
And then I walk away  
I have to walk away

Y'all listen to this

I just wanna tell you people  
I wanna tell you just how I feel  
Can you hear me now

I wanna tell all you people out there  
I wanna tell you just how I feel  
Oh, how I feel

I feel so bad, I feel so bad  
Because my women  
She gave me a dirty deal  
The child messed up my mind  
Oh, yes, she did

Now listen, y'all  
I got one more thing  
I want to talk to you about  
Wait a minute

Sometimes I want to leave here  
Then again I want to stay, yeah  
Did you hear what I said

Sometimes I want to leave  
This town, yes, I do  
Then again I want to stay

You see, the thing is  
I already got my suitcase packed up  
So I guess I'll have to catch a train  
And then I'll ride away

Said I'm gonna move  
Gonna move on  
Gonna move on  
Lord, I wanna move

Since the woman been gone  
I ain't had no love  
That's what I want  
That's what I need

A little dab'll do me

Ooh, sock it to me, Lord  
Somebody help me  
Help me find my way...
