

# Friendship

Ray Charles

If you're ever in a jam, here I am  
And if you're ever in a mess, S.O.S.  
And if you ever feel so happy that you land in jail, I'm your bail  
It's friendship, it's friendship, just a perfect little blendship  
When other friendships should be forgotten, ours will still be hot  
Alright sing it

And if you're ever up a tree, just phone to me, alright I'll call you to collect  
And if you're ever in a fire send a wire, well  
And if you ever lose your teeth, when you're out to dine  
You can borrow mine, alright I will  
Friendship, friendship, just a perfect little blendship  
When other friendships are forgotten, ours will still be great  
Alright say it

If they ever blacken your eyes put me wise, will you  
Well if they ever cook your goose, then turn me loose  
Alright I'll let you go right away  
And if they ever put a bullet through your brain I'll complain  
It's friendship, it's friendship, just a perfect little blendship  
When other friendships are forgotten, ours will still be it

Well if you're ever down the well, would you ring my bell  
And if you're ever in a flop call for pop, well  
Well if you ever take a boat and you're lost at sea look for me  
, really  
It's friendship, it's friendship, just a perfect little blendship  
When other friendships go up in smoke ours will still be hope  
Ours will still be great, ours will still be hot
