

# If You Were Mine

Ray Charles

If you were mine  
I'd never let you leave me  
If you were mine  
I'd never let you go

Because you are  
Just what I've always wanted  
And I think that you oughta know

From the moment I first saw you  
Girl, you went straight to my brain  
In my heart I've got a feeling  
That I could never explain

If you were mine  
You'd never know no sorrow  
If you were mine  
I'd marry you tomorrow  
Yes, I would

Believe me, girl  
What the occasion  
If you call me  
I'll come with no persuasion

You just call  
And I'll come running  
Oh, yes, I will, baby  
Come rain or storm  
Hail or snow

Cause the way I feel about you  
No place is too remote to go

Oh, well, baby, oh, well  
Now now now now now...  
Oh, baby, oh, well...
