

# Nobody Cares

Ray Charles

Well nobody loves me, baby  
Nobody seems to care  
Well nobody loves me, babe  
Nobody seems to care  
Well, ever since my mother passed  
Nothin' but misery everywhere

Well I ain't got no money, baby  
And my best friends have put me down  
Hallelujah, I said I ain't got no money, baby  
And my best friends have put me down, oh Lord  
Well, all of my good-time buddies  
Don't even come around

Well, if you listen to me, baby  
Maybe I could find a new life in you  
Well, if you listen to me, baby child  
Maybe I could find a new life in you  
Well, if you'll be mine forever, baby  
Child, I never can be blue
