

# Two Old Cats Like Us

Ray Charles

Hey I like to do a little rockin'  
Ray, I get a little rowdy myself  
See if you can sing the high part brother  
Hank I can if you give me some help

'Cause we're the kind if we set our minds  
We're going to do it or bust  
Hey we ain't half bad for two old cats like us

There ain't nothin' like honky tonk music (now)  
When you get an itching to play

And singing those songs like Hey Good Lookin'  
And baby tell me what I say (that'll work)

We can take it to the limit  
Or take it back to the bus  
Ain't no problem for two old cats like us

We've been down a whole lot of alleys  
Shook a whole lot of cans  
Ain't too much about prowlin' or howlin'  
That we don't understand

Had a few doors slammed on our tails  
We've been kissed and cussed  
But everything's cool for two old cats like us

Play a little

Now this younger generation Ray  
Is keeping us on our toes  
Playing everything from western swing  
To that good ol' rock and roll

And here we are smacked down in the middle  
But I think we can adjust  
Hell there ain't nothing new for two old cats like us

(tell the truth now)

We've been down a whole lot of alleys  
Shook a whole lot of cans  
There ain't too much about prowlin' or howlin'  
That we don't understand

Had a few doors slammed on our tails  
We've been kicked and cussed  
But everything's cool for two old cats like us

But everything's cool for two old cats like us  
Let's go  
Alright
