

What Kind of Man Are You

Ray Charles

What kind of man are you
Oh, why do I love you so
What kind of man are you
Yeah, yeah, when you love me no more

What kind of man are you
Why can't I let you go
I wanna know, I wanna know, I wanna know about you

What kind of man are you
I just can't satisfy
What kind of man are you
Oh yeah, no matter how I try

What kind of man are you
Yeah, yeah, why do you tell me lies
I wanna know, I wanna know, I wanna know about you

What kind of man are you
I'm always left alone
What kind of man are you

How long can this go on
What kind of man are you
Oh, help me somebody to know right from wrong
I wanna know, I wanna know, I wanna know about you
