I named her danger 'cause she might shoot up the place
She got a body of a goddess and she's from the bay
And she kind of steals my heart with the pictures she paints
Maybe this next lady, I named her caviare 'cause her body look
tasty
Russian accent her face was amazing but I never understand a wo

I'm rollin' in my lambo lookin for my wifey
I named this girl hot cocoa so I can be her iced tea
Another girl at the house she really likes me
She crazy but she sexy so I named the chick feisty
I named this other girl stacks and this other girl genuine
I'm tryin be a gentlemen tryin to get cool with all these women
that I'm livivn with

So I named her cocktail she so sexy
I call this other girl unique
She swears she classy but I think she's a freak
I know she wants to dirty up my mattress
Then I met this other girl that's so attractive
I named her naturelle but there's something I have to ask:
Is she here for love or is she here to be an actress?
I don't know!
This girl atomic bomb's hot but she movin' too slow
Baby girl's from Brooklyn but she shy on my show
She better step it up or she gotta go Two more ladies:
I named this girl lil' hood 'cause her attitude's crazy
