

Back on the Mountain

Ray LaMontagne

Got to get back on the mountain
Got to get back on the hill
With my dog-eyed country woman
She know how to cure my ill

Ain't it just like Adele
Go on and change your name
So now I got to call her Carmen
But I love her just the same

Give yourself over
And over again
And I'm tired of starting over
Yes, I think my days
Out on the run are coming to an end

Got to get back on the mountain
Got to get back on still
With a bourbon whiskey freezing
If you got time to kill

I got to get back on the river
I got to get back on the land
Get myself stoned
A little down home
Even if it's second hand

Give yourself over
And over again
And I'm tired of starting over
Guess I think my days
Out on the run are coming to an end

Got to get back on the mountain
Oh yeah
Got to get back on the hill
I got to get back on the mountain
Got to get back on the hill
