

# Supernova

Ray LaMontagne

So you and me we've been hanging out now  
Ever since we were kids just kicking around this town  
So you know me and I don't back down  
I know what I want and I think I've found it.

I want you to be my girl  
I want you to be my girl  
So we touched a Supernova  
So we touched a Supernova

So you know me and I'm on the right track  
Going to get out of here and never come back  
So you know me when I'm on the attack  
Ain't no use in fighting back

I want you to be my girl  
I want you to be my girl  
So we touched a Supernova  
So we touched a Supernova

Supernova  
Supernova

When I'm low well I know who to call  
When I think I'm about to hit the wall  
Sorry baby I know you would never ever let me fall  
Every time I turn around baby there you are  
Just shining down on me like a blazing star

Yeah, that's what you are  
Your a blazing star  
That's what you are  
That's what you are  
That's what you are

So we touched a Supernova  
So we touched a Supernova

So you and me we've been hanging out now  
Ever since we were kids just kicking around this town  
So you know me and I don't back down  
I know what I want and I think I've found it

I want you to be my girl  
I want you to be my girl

So we touched a Supernova  
So we touched a Supernova

So we touched a Supernova  
So we touched a Supernova
