

Christmas Time Is Here

Ray Parker Jr.

Hang up the mistletoe
and turn the lights down low
let's feel the spirit
cause christmas time is here

sit by the firelight
let's hold each other tight
and feel the spirit
cause christmas time is here

Can't you hear those jingle bells?
It's the sound I love so well
Can't you hear those jingle bells
that sound I love so well
Now Christmas time is here

Love is the greatest gift
So it's a blessed thing to be gived
The one You love
At special time of the year

Let's decorate the tree
So the whole wide world can see
We've got the spirit
Cause Christmas time is here

Can't you hear those jingle bells?
It's the sound I love so well
Can't you hear those jingle bells
that sound I love so well
Now Christmas time is here

Ohohohoh Need it all the year
Now it's here

So well You're having fun
Now give the love at once
There's one suggestion
I'd like to place in your ears

Please remind the kids
Whisper what day it really is
Let's not forget
Why Christmas time is here

Can't you hear those jingle bells?
It's the sound I love so well
Can't you hear those jingle bells
that sound I love so well
Now Christmas time is here
Christmas time is here
Christmas time is
Christmas time is
