

## An Eye for an Eye

Ray Price

Just because you lost your heart  
Did you lose your conscience, too  
Why must you punish me  
For what he's done to you  
Hatred caused by injured pride  
Made you lie and deceive  
You can't get back at him  
So you take it out on me

An eye for an eye, a heart for a heart  
You're makin' me pay for another man's crime  
An eye for an eye, a heart for a heart  
You didn't have one - so you took mine

It was just a game with you  
With no feeling or regret  
You thought by hurting me  
It would help you to forget  
Will I be like you are now  
Will I do the things you've done  
Will another have to lose  
Before I can say I've won

An eye for an eye, a heart for a heart  
You're makin' me pay for another man's crime  
An eye for an eye, a heart for a heart  
You didn't have one - so you took mine
