

# I'd Fight The World

Ray Price

Now I don't care what anybody thinks of me  
My pride is gone and here I am on bended knees  
I want you and I need you that's all I know  
And I'll fight the world before I'll ever let go, go

I'll gladly beg I'll steal, I will borrow  
I'll turn my back on everyone I know  
I'll do these things with no fear of tomorrow  
I'll fight the world before I'll ever let go, go

I'll gladly beg I'll steal, I will borrow  
I'll turn my back on everyone I know  
I'll do these things with no fear of tomorrow  
I'll fight the world before I'll ever let go, go  
I'll fight the world before I'll ever let go, go
