

Please Talk To My Heart

Ray Price

Please talk to my heart because I'm lonesome pretend even if it
's not true
And don't be afraid that you'll hurt me I'm hurting that's why
I need you
Please please I'm so lonesome any love you can give me will do
And don't be afraid be afraid because I'm crying I'm crying tha
t's why I need you

If you say once more that it's over don't worry because I'll be
blue
You've hurt me before but can't anymore I'm hurting that's why
I need you
Please please I'm so lonesome...
