

Sweetheart Of The Year

Ray Price

As usual I'll be working when she reads the morning paper
And oh, how I wish I could be home so I could see
My darling's face light up when she sees her picture in the paper

And this message underneath to her from me
Happy anniversary sweetheart to you from me
Thanks for loving me another year

I wanted our whole town to see the woman who consistently
Has been the sweetest sweetheart of the year
Happy anniversary
