

# I Wish We Could Fly

Ray Thomas

You can't buy a dream  
Then expect your schemes  
To appear brand new  
Like the way you do  
It's not hard to find  
Deep inside your mind  
Which road will take you home

Now you know that rain  
Never falls in vain  
For the seed must grow  
It's glory shows in the summer sun  
While our world is young  
They reach to touch the sky

I wish we could fly  
I wish we could fly  
How I wish we could fly  
I wish we could fly  
I wish we could fly  
How I wish we could fly

Then we'd see far more clearly  
Maybe then we'd know  
The best way we should go  
Man just has to grow and grow and grow

All the air we breathe  
And the warmth we need  
It's given to us free  
Like you loving me  
Throughout our days  
In so many ways  
Helps me reach to touch my sky

But I can't explain  
Self inflicted pain  
When there's room for all  
To play life's game  
And as we know  
Our love must grow  
Or we'll never touch the sky

I wish we could fly  
I wish we could fly  
How I wish we could fly  
I wish we could fly  
I wish we could fly  
Oh how I wish we could fly
