Coochy Coochy

Ray Wylie Hubbard

Waiting for you to come and see me Waiting for you to come and see me Where are you My coochy, coochy, coochy, coo?

Come on to me and let me see you Come on to me and let me see you Where are you My coochy, coochy, coochy, coo?

I've travelled all over Seen ev'rything I wanted to see Where are you, My coochy, coochy, coochy, coo?

I've got ev'rything that I ever wanted Done ev'rything I ever wanted to do Where are you My coochy, coochy, coochy, coo? Oh, let me hear it!
