

Am I 2 Blame

Razed in Black

You say that I
Am the one that you lust
The you aim to please
The one you'll take a beating
Get down on your knees
The one you're shy to trust
Though allowed to do it all
Your prince of thieves
You beg and you crawl
You say that I

You say that I
Your Aphrodite
Subject of self-pleasure
Force you subconsciousness to hide
You say that I
Bring out the beast within
The porn star deep inside
Bring out the stripper, pimp, ho, slut
You say that I

It's like you're cast under a spell
I've place upon you
Unlike you've ever been before
Tell me, am I to blame?

You say that I
The one that you say
Drown innocence away
Transform the meek to sensual slaves
You say that I
The one you call master
The one I make quiver
The one you beg you're desperate in need

And I crawl away
As I fall (for you)
Are you one to blame for this
