

## Distant Thunder

Razor

Earthshaking sound, how far away?  
It's hard to tell, but I hope it doesn't stay  
Potential danger, awaits us all  
Before it's over, how many more will fall?

Can we escape the distant thunder  
Or will we ever get away?  
Defend against the ruthless hunters  
Or stay and rot in death's decay

The rebel's call is seldom heard  
Untimeless efforts and no one says a word  
The battlecry, fierce mechanism  
It just goes on amongst their indecision
