

# I Can't Stop This Feeling I've Got

Razorlight

I can't stop this feeling I've got,  
I know who I am and I know what I'm not,  
I know where I've been and I know what I've lost  
But I can't stop this feeling I've got  
Wasn't looking ahead and I heard  
Didn't I see, didn't I learn  
And I don't know what you mean to me  
But I'm starting to think it's just a mystery

I can't stop this feeling I've got,  
I know who I am and I know what I'm not  
I know what I've gained and I know what I've lost  
But I can't stop this feeling I've got  
Wasn't looking ahead and I heard  
Didn't I see, didn't I learn

I may be right you may disagree  
But I'm starting to think it's just a mystery  
Whatever it is it's just a mystery

Ah you don't really look so easy  
You spend a lifetime looking for someone  
And then they come and you're just so uneasy  
You get the feeling that if I don't come  
Then there's one more story to be on your way

And I can't stop this feeling I've got,  
I know who I am and I know what I'm not  
I know where I've been and I know what I've lost  
But I can't stop this feeling I've got

The sky may fall the sea may split  
You may say that isn't it  
I may be right you may disagree  
Same old story same old me  
And I don't know what you mean to me  
But I'm starting to think it's just a mystery  
I've got to admit it's just a mystery
