Candlelight

He could not believe his eyes
Those rosary beads lying by his side
Was this a found fairwell

You're helpless for the first time in your life
You bowed and prayed to god to make this right

Coz your heart's in the middle and plain to see
If the same thing ever happens to me
I hope I have the same strength as you
And maybe I never took the time to tell you what you said that
night
Was all I needed to hear to pull me through

You said oh my son don't give up so easy
Oh my son do this one thing to please me
Oh my sun all I ask you to survive

Survive no further from the candlelight
Keep those rosary beads by your side the ones I gave to you

You're helpless for the first time in your life
You bowed and prayed to god to make this right

You said oh my son don't give up so easy
Oh my son do this one thing to please me
Oh my son all I ask you to survive

You said oh my son don't give up so easy
Oh my son do this one thing to please me
Oh my son all I ask you to survive

Draw closer draw closer
It's not over it's not over
Oh my son
Oh my son
Oh my son all I ask you to survive

Oh my son
Oh my son
Oh my son all I ask you to survive
To survive
