

# Hole In My Heart

Rea Garvey

I crashed I burn  
I twist and I turn  
I thought that I knew to hold on to you  
I see I learn the things that were said  
That left us behind  
They're already dead

I'm reaching out  
I'm reaching cross a world  
To see if you're there  
I'm reaching out  
I'm trying to see  
If you're reaching for me

Ba Ba Ba Ba

And every time  
we wonder why  
You said goodbye  
You left too soon  
And every time  
We wonder why  
You left so soon  
This empty room  
And every time  
I wonder why  
You said goodbye  
You left goodbye  
And every day  
I turn away  
The question why  
You made me cry

Ba Ba Ba Ba

Is no one ...  
There's a hole in my heart  
Let's go back to the start of it  
You and me and making history  
Let's go back to the start of it  
Oh, I ask myself why you said goodbye  
Oh, I ask myself why you said goodbye  
There's a hole in my heart  
Oh Oh  
There's a hole in my heart
