

I Am

Rea Garvey

I know you listen
But do you hear
You speak of visions
Are they clear?

You search for something that is just not there
You say you love me but you just can't care
I want to be there for you every day
Don't take the steps from the ladder
Don't take them away

Cause I am
Yes I am

I am the one who gave you words when you had nothing to say
I am the one who pulled you close
You were pushing away
I am the one who picked you up and kept you close by my side
I am the one who holds you and gives you everything
I am

You feel your hurting but you can't see the blood
You know what it is
You got a fear inside you have to give up
And let me in

I want to touch you but I just can't say
I want to love you but you won't love me
I feel you by my side but where have you gone
You say you're standing still
But I see you run

Cause I am
Yes I am

I am the one who gave you words when you had nothing to say
I am the one who pulled you close
You were pushing away
I am the one who picked you up and kept you close by my side
I am the one who holds you and gives you everything
I am

And I am
Yes I am

I want to hold you but I just can't care
I want to touch you but you're just no here

And I am
Yes I am

I want to hold you but I just can't care
I want to touch you but you're just no here

And I am
Yes I am

And I am
Yes I am (2x)
