

Wild Love

Rea Garvey

I take you top down slowly I
I wanna see inside
See what makes you wild
See what drives me wild

Come a little closer to the other side
I love it when you go wild
I love it when you go wild

I said hey (hey)
I'm never gonna get enough
I'm never gonna get enough
Enough of your wild love

I said hey (hey)
I'm never gonna get enough
I'm never gonna get enough
Enough of your wild love

La la la la la la la
La la la la la la la
Enough of your wild love

You know it hurts but still you drive me wild
I love this love within
I love this love within

There's a god above and I know that she don't mind
And if she makes you wild
Yeah she makes you wild

I said hey (hey)
I'm never gonna get enough
I'm never gonna get enough
Enough of your wild love

I said hey (hey)
I'm never gonna get enough
I'm never gonna get enough
Enough of your wild love

La
La la la la la la la
La la la la la la la
Enough of your wild love

La
La la la la la la la
La la la la la la la
Enough of your wild love

I take you top down slowly I
I wanna see inside
See what makes you wild
See what drives me wild
