

Human Toy

Ready For The World

I'm just an average toy that can give you joy
I can give you what the other girls want and hon even more
You see, I don't come with directions, I'm a different kind of
toy
So come, baby, come and explore this human toy

It's alright, it's okay, you can play me everyday
It's alright, it's okay, you can love me everyday
Toy, toy, toy

Hey honey, how's it been with your boyfriend
It don't look treating you right, I'll be your toy friend
Don't baby, do me like that, that he might find
'Cause I'm the only one to treat you right, I know where's that

It's alright, it's okay, you can play me everyday
It's alright, baby, it's okay, you can love me everyday
Toy, toy, toy

Toy, toy, toy, toy, toy

I'm just an average toy that can give you joy
I can give you what the other girls want and honey even more
You see, I don't come with directions, I'm a different kind of
toy
So come, baby, come and explore your human toy

It's alright, it's okay, you can play me everyday
It's alright, baby, it's okay, you can love me everyday
