

# Human Toy

## Ready For The World

I'm just an average toy that can give you joy  
I can give you what the other girls want and hon even more  
You see, I don't come with directions, I'm a different kind of  
toy  
So come, baby, come and explore this human toy

It's alright, it's okay, you can play me everyday  
It's alright, it's okay, you can love me everyday  
Toy, toy, toy

Hey honey, how's it been with your boyfriend  
It don't look treating you right, I'll be your toy friend  
Don't baby, do me like that, that he might find  
'Cause I'm the only one to treat you right, I know where's that

It's alright, it's okay, you can play me everyday  
It's alright, baby, it's okay, you can love me everyday  
Toy, toy, toy

Toy, toy, toy, toy, toy

I'm just an average toy that can give you joy  
I can give you what the other girls want and honey even more  
You see, I don't come with directions, I'm a different kind of
