

In Dog We Trust

Reagan Youth

Inquisition says we'll burn in hell
Damnation for the infidel
Gonna start and spread some heresy?
Ya' gotta expect a certain misery
They're gonna make it really interesting
They're gonna go and teach democracy
Whatever God that could exterminate
Whatever God that can't tolerate

In dog we trust (4x)

In dog we trust
In God you trust
In God you trust
In God you lust

God damn you
God damn me
God damn who?
