

Out Of Tune

Real Estate

In no solid state
You know we can't cop to
The frequency of your inner debate

It was all out of tune
You're entering this town
Yourself a weeping clown
You play along to songs written for you

But you're all out of tune
You're all out of tune

See the cars on the 95
Cut through them like a sharpen knife
Oh oh

You're all out of tune
See the cars on the 95
Cut through them like a sharpen knife
Oh oh

New car
You're all out of tune

In no solid state
You know we can't cop to
The frequency of your inner debate

It was all out of tune
You're entering this town
Yourself a weeping clown
You play along to songs written for you

But you're all out of tune
You're all out of tune
