

## Root Of Evil

Realm

[The wise old sailor:]  
"Don't go! No one's ever returned  
Heed my words - greed exploits your fate  
I've seen her walk the shore by night  
Imprisoned in her eternal lust  
Heed my words - it's suicide  
Her fortune's not worth your life  
You'll die..."

[The greedy young treasure hunter:]  
"Drunken senile fool, don't force your fears on me  
I don't believe in legends, I do believe in greed  
I will return to laugh in your face  
You'll feel the disgrace  
Prove your words untrue"

Trembling skies and threatening seas  
Welcome our journey's end  
Somewhere on this forgotten shore  
Wealth or death transcends  
I hear the old man's words  
They echo in my head  
Transformed into reality  
Spirit of the dead

[The greedy young treasure hunter:]  
I've seen her walk the shore by night  
Imprisoned in her eternal lust  
Heed my words - it's suicide  
Her fortune's not worth your life  
You'll die, you'll die, you'll die..."
