

# Falling Down

Reamonn

Two times today I had to call you up to let you down  
Don't wanna let you down  
Two times today I ran out of luck and I let you down  
Don't wanna let you down

Cause I fall down when you're not around  
Yeah I fall down when you're not around

Two times today I messed up and let you down  
Don't wanna let you down  
Thought I heard you say I nearly lost your love  
cause I let you down don't wanna let you down

Cause I fall down when you're not around  
Yeah I fall down when you're not around

I fell down two times today  
I fell down two times today

Yeah I fall down when you're not around  
Yeah I fall down when you're not around

I feel I'm falling down, take a look at me can you see me fall  
I'm falling down, can't you see me falling down  
Can't you see me fall,  
Can't you see me falling down  
Can't you see me falling down  
I feel I'm falling down  
I feel I'm falling down  
Take a look at me I'm falling down please don't let me fall.
