

New World

Reamonn

This is our world but they destroy it they'll watch it burn in hell

This is our world but they destroy it they'll watch it burn in hell

This is your time you are the sign they can't take that away

This is your dream hear the future scream for a brand new day

One two buckle my shoe

Three four knock on the door

Five six pick up sticks

Seven eight then it's to late

This is our world they burn it so they burn in Hell

This is our world they burn it so they burn in Hell - burn in hell

Watch the clock you watch it tic you watch it toc

Watch the slip of time this our world it's not yours it's not mine

This is the dream this is the time we can make it turn

We can't just watch can't just watch as it burns

This our world and we destroy it we need to save ourselves

One two

This is our world they burn it so they burn in hell

This is our world they burn it so they burn in hell - burn in hell

Can't you see that this is our world
