

# A Little Want To

Reba McEntire

There ain't no excuse that's what my mama said  
You gotta get up and get outta bed  
Roll up your sleeves put your back into it  
If your gonna get it done then you better get to it  
No matter what it is you want to do

You got to have a little want to  
Inside of you  
That goes a long, long way  
A little nothing I can't do...Attitude  
No matter what folks say  
Well big dreams do come true  
All you gotta go  
Is have a little want to

I remember sittin' on the livin' room floor  
My brother tried to show me how to make a G chord  
My hands were small, my fingers hurt  
That's when he said it'll take a lot of work  
But if I can do it girl, so can you

You got to have a little want to  
Inside of you  
That goes a long, long way  
A little nothing I can't do...Attitude  
No matter what folks say  
Well big dreams do come true  
All you gotta go  
Is have a little want to

Oh now I make my living out here singing on this stage  
When people ask me how I got here I just look at them and say

You got to have a little want to  
Inside of you  
That goes a long, long way  
A little nothing I can't do...Attitude  
No matter what folks say

You got to have a little want to  
A little nothing I can't do...Attitude  
No matter what folks say  
Cause big dreams do come true  
All you gotta do

Is have a little want to  
That's all you gotta do  
Is have a little want to  
Keep that attitude  
And have a little want to...want to..want to
