

Does the Wind Still Blow in Oklahoma

Reba McEntire

LA's a fast horse daddy
Everybody rides
I'm sorry I haven't called home lately
Out here time flies
I met a boy a few weeks back
He plays in a band
He's a whole lot like you daddy you're gonna like him
He's a good man
At times lonley sneaks up on me
But I'm getting by
Yeah I know what you've always told me
Cow girls don't cry

R: But does the wind still blow in oklahoma
Out here the hollywood stars sure shine bright
It's such a long way from home here in California
Missin you and that blue wide open sky

Out here it's all freeway fast cars
Cold concrete
You won't believe all the crazy people
Bally girls sun sets free
I met a girl you're gonna like her mama
She has your hair
Red as the telecross sunset
Seems like an angel I swear
I can't say I don't get lonsome
But I'm alright
Cow boys kinda go with homesick
Like blue moons and whipperwill nights
