

# He's Only Everything

Reba McEntire

In the eyes of the world he's only an ordinary man  
But there's a million and one things the eyes of the world never see

He may walk the same

He may talk the same

As a million others do

Oh but you'd see him as I do if his heart had eyes for you

He's only everything

Only everything

He's as real as the thrill I feel

When he walks through my dreams

He's the one I hold

When my world grows cold

And needs a touch of spring

Or a song to sing

Yes in these eyes of mine

Lord he's only everything

He's only everything

Only everything

He's as real as the thrill I feel

When he walks through my dreams

He's the one I hold

When my world grows cold

And needs a touch of spring

Or a song to sing

Yes in these eyes of mine

Lord he's only everything

Yes in these eyes of mine

Lord he's only everything
