

# I Keep on Lovin' You

Reba McEntire

Love takes the patience of Job  
That's what my Mama always said  
Faith is the belief in something more than what you know  
That's what the Good Book says  
You gotta play the cards you got  
Who knows what fate is holding  
At times you gotta go without knowing where you're going

That's why I keep on lovin' you  
I keep on lovin' you  
Through the baby don't leave mes  
And never will agains  
And I promise to  
I keep on lovin' you

Lord knows we've had our share of fights  
Our sleepless nights, our ups and downs  
We've had plenty and then some of baby I'm gone and turnaround  
s  
Sometimes I swear it might be easier to throw in  
the towel  
Someday we're gonna look back  
Say look at us now

That's why I keep on lovin' you  
I keep on lovin' you  
Through the baby don't leave mes  
And never will agains  
And I promise to  
I keep on lovin' you

Keep on lovin' you  
Through the I take it back...I didn't mean it like that  
I'd never hurt you...Oh, I keep on lovin' you

I keep on lovin' you...I keep on lovin' you  
Through the I take it back...I didn't mean it like that  
I'd never hurt you...Oh, I keep on lovin' you  
I keep on lovin' you...I keep on lovin' you
