

I Know I'll Have a Better Day Tomorrow

Reba McEntire

Well I can't make it through this world by myself
I need heaven's help to make through the day
And if I go to bed tonight
And remember to say my prayers
I know I'll have a better day tomorrow

R: Cause you've done what you said you'd do
And you've given me lots of love
And I've never known such peace
Since I met you
I'm so proud to be your child
And I'm doing the best I can
And I know I'll have a better day tomorrow

Well

R:

I know I'll have a better day tomorrow
